GENERAL INFORMATION – CRITERIUM VENUE CHANGE

On Thursday 8th June, 2017, the Racing Committee received correspondence rescinding the previous approval given for the use of the Brian Lara Cricket Academy Car Park due to ongoing works currently being conducted. This therefore meant that a quick change in venue for the National Criterium Championships was required.

This cancellation however has provided the Cycling Fraternity with a great opportunity since for the first time ever; the National Criterium Championships will be hosted at the Wallerfield International Raceway in Wallerfield. Details with respect to entrance and setup areas will be divulged during the coming week

The circuit is approximately 1.35km in length and features fast turns, wide roads , strong tail winds down the back straight and equally strong headwind up the homestraight which is approximately 600m in length. The Criterium will begin at 1:00pm as previously scheduled on Sunday 18th June, 2017.

The revised racing program is as follows:

| Start Time | Category | Laps | Distance |
